ACROSS
THE WORLD

SPEAKER ↘

CALL FOR CONTRIBUTIONS

APPLY AS A SPEAKER AT ONE OF THE WORLD'S LARGEST NEUTRAL PLATFORMS FOR INDUSTRIAL DIGITAL TRANSFORMATION!

SHOWCASE YOUR EXPERTISE

Share your cutting-edge knowledge and innovative ideas with an international audience of industry leaders and decision-makers.

DRIVE INNOVATION

Contribute to shaping the future of industrial digital transformation by presenting your work in the most impactful forum in the industry.

BOOST YOUR VISIBILITY

Elevate your profile and establish yourself as a thought leader in the global PLM and digital transformation community.

FLEXIBLE PRESENTATION FORMATS

Choose the format that best fits your topic—whether it's a presentation, workshop, or expert corner, your voice matters!

SYMPOSIUM 2027

APRIL 14/15

MARITIM HOTEL

DÜSSELDORF AIRPORT

SUBMISSION

SEPT. 9 - OCT. 9, 2026

AUGMENTED ENGINEERS

UNITED! ACROSS THE WORLD

SUBMISSION

SEPT. 9 - OCT. 9, 2026

We welcome contributions on the Symposium theme and across the full landscape of industrial digital transformation. **We particularly encourage contributions that demonstrate business impact, and process innovations that shorten time-to-market, reduce costs, and raise quality** including:

THE AUGMENTED ENGINEER

Human-AI teaming in engineering practice - copilots, agents, AI-ready data, trust and governance.

SOFTWARE-DEFINED PRODUCTS

Software-hardware co-development, continuous integration and homologation, variant and release management for software-defined architectures.

MBSE & SYSTEMS ENGINEERING

Model-based methods in daily practice - traceability from requirements to validation, collaboration across multilateral added-value chains.

PLM & ALM BACKBONE

Lifecycle architectures that scale - ALM/PLM convergence, configuration and change management, platform modernization, openness.

VIRTUAL PRODUCT REPRESENTATION & VALIDATION

Digital twins, virtual validation, simulation data management, and open formats as the product's authoritative representation.

COLLABORATION, STANDARDS & DATASPACE

Cross-company engineering, data exchange standards in operation, Digital Product Passport, sovereign dataspace.

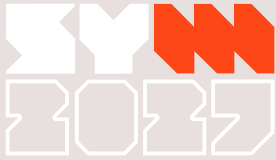

NEW DOMAINS, INTERNATIONALIZATION & GLOBAL (AND RESEARCH) PERSPECTIVES

PLM, MBSE and SE beyond our home industries automotive and aerospace industries - Defence, MedTech and more, united across the world.

PREMIUM PARTNER

TOSHIBA

SUBMISSION

SEPT. 9 - OCT. 9, 2026

WE ARE EAGER TO RECEIVE INNOVATIVE AND INFORMATIVE CONTRIBUTIONS ON THIS THEME AND OTHER TOPICS DRIVING THE INDUSTRIAL DIGITAL TRANSFORMATION.

Only members of the prostep ivip are eligible to apply. You are not yet a member? [Apply now for Membership](#)

Each application must include at least one speaker from the industry. IT vendors and service providers must include an industry user who will also talk at the Symposium.

Max. 2 Speakers are allowed for each contribution

All application materials must be submitted in English language.

We highly appreciate your valuable time and work applying for the 2027 prostep ivip Symposium. Due to the high number of applications, not every of the many excellent contributions can make it to the selected program.

We invite you to consider interactive options alongside presentations, such as workshops and expert corners.

All submissions, including prostep ivip initiatives, must be submitted through the online registration platform to be considered by the program committee.

For submissions with two speakers, the following applies: One place is free of charge via the voucher code system; a participation fee of €740 plus VAT is payable for the second person. The submitters are responsible for ensuring that this fee is covered by one of the two speakers.
